## ***Women's Wellness Screening***

Three Rivers District Health Department in partnership with St. Elizabeth Health Care is offering Women's Wellness Health Screening scheduled at the Pendleton County Health Center on June 22 2009 from 8am-3pm. The St Elizabeth Healthcare Mammogram van plans to be there for the day, too.

The Womens Wellness Heart Center would like to be there to take blood pressures and offer free Cholesterol screenings to those female clients who participate in the event. Those that do participate, must fast 12 hours prior to the test. When they schedule their mammogram, this service will be offered. They will be given full instructions at that time. To schedule a mammogram, call 655-7400.

Judi Brungs, RN, BSN will be also seeing clients during the day who are participating in the Long Term Blood Pressure Study, The C.A.R.E. Grant clients.
